

## Rules & Guidelines For Selling

(Watch Our How To Video On Facebook Before Marking)

1. Left hand corner of tag will have # and your assigned number (example #12) in middle of tag will have your price with \$ and amount (example \$3.00). If you are not participating in the half price sale on Sunday your tag must say FIRM under the price and it will sell for full price only. Use strong adhesive tape, cover price tags with clear packing tape or staple price tag on bag with a stapler. Don't use stick on colored circle tags as they don't stick well. Or if you use them cover them with clear packing tape. Example of what your tag MUST look like is below. Good idea to check your tags a day or two after you mark items to make sure they stick and aren't easily removed.

2. Remove all old rummage sale stickers if there are any. All items must be priced at least \$1.00 or more and must in quarter increments (no \$1.79/\$3.99 etc). If it's not worth a \$1.00 then bundle items together. USE STRONG adhesive or cover tags with clear packing tape or staple. Any items with no tags will be automatically donated. Lots of hands touch these items so securing your tag well will ensure you get paid for your items sold. Do not use rubber bands to package items. Each item must be priced. You can not have a box of stamps with a sign that says stamps \$1.00 each etc. Bundle magazines together for 1 price and stickers/papers etc.
3. If selling fabric use a safety pin or staple the tag. If it's a box or container that has items inside it must be sealed shut. If using Zip Loc bags to bundle items make sure you staple or tape the top of the bag. This prevents people from opening bags. Also remove any old tags visible on bags.
4. When bringing items in to drop off they must be brought in non returnable boxes/bags and left in those boxes/bags. We prefer stackable boxes if you can. You can not bring items in and dump them out and take back your boxes/bags. Your unsold items will be boxed/bagged up but it will not be in the same as you brought in. PLEASE DO NOT mark your boxes with your name/#. We reuse these boxes and it gets confusing when boxing up after the sale. Make sure all items brought in are priced/packaged and ready to sell. Any items that we find not marked/priced correctly will automatically be per your request donated or charged \$10 fee to fix.
5. We are excited to hold a sale where you can find new homes for your items while making some cash to put in your pocket. Please reach out if you have any questions. While we can not help you decide what to price each individual items we can help suggest reasonable prices for our fair market area.
6. Please help spread the sale by sharing our post on Facebook & in any groups you are in. Please print off flyer or grab some at sale drop off, or we can mail some to you.
7. When you drop off your items you must bring in your filled out Sellers Information Sheet. You can print this sheet off on our website under Craft Supply Rummage Sale. Dates/times to drop items off are listed on our website.
